

directions to camp:

We are located 6.2 miles east of Glennville on Hwy. 155. The ranch borders the west side of the Sequoia National Forest. There is a cattle guard on Hwy 155 1/4 mile east of the ranch, so if you are coming to camp from Glennville and go over the cattle guard, you have gone to far. It is about a seventy minute drive from either Bakersfield or Delano. **The closest gasoline is in Bakersfield or Lake Isabella.** It is a good idea to fill your tank before coming to the mountains. Glennville now has a small motel called the Bunk House (661-536-9100), and other overnight accommodations can be found in Bakersfield, Delano or the Lake Isabella area.

From the South.... Take Hwy. 99 into Bakersfield. Go north on Airport drive and continue straight out of town. Follow the signs to Glennville.

From the North Take Hwy. 99 south to Delano. Take the Hwy. 155/Glennville/Alta Sierra exit and go east on Hwy. 155.

From the East ... Take Hwy. 155 from Lake Isabella / Wofford Heights. We are about 14 miles from the lake, although you will need to allow 45 minutes for the drive as the roads are curvy. We are the first ranch after you leave the National Forest on the west side of the Sierras.

From the West From Hwy. 46, go east, over the Hwy. 99 overpass at Famoso and continue east past the Famoso race track. After crossing Hwy. 65. As you come to forks in the road, go right. This will put you on the Granite / Glennville road.
